Our love
is sweet like
sliced honeydew
offering the
heart space
to make room
for seeds of
sharing and
giving of each
other—-
and her
lavender eyes
speak to
my joy to write,
my dare to dream,
my faith to exist
in the allure of
heaven’s delight.

I crave this type
of sultry love
that caresses
the mind and
heals the soul
seeking and
longing for the
garden of
cherry blossoms
and purple violets
dancing and
shining
in unity
and trust.

Notre amour
est doux comme
du melon miellé,
offrant à
mon cœur l'espace
nécessaire
pour faire place
aux graines du
partage et
du don l'un
à l'autre —
et ses
yeux lavande
résonnent en moi
de la joie d'écrire,
de l'audace de rêver,
de la foi d'exister
dans l'attrait du
délice céleste.
Je désire ardemment ce
genre
d'amour sensuel
qui caresse
l'esprit et
guérit l'âme,
cherchant et
aspirant au
jardin de
cerisiers en fleurs
et de violettes pourpres
dansant et
brillant
dans l'unité
